

#EdtechTip

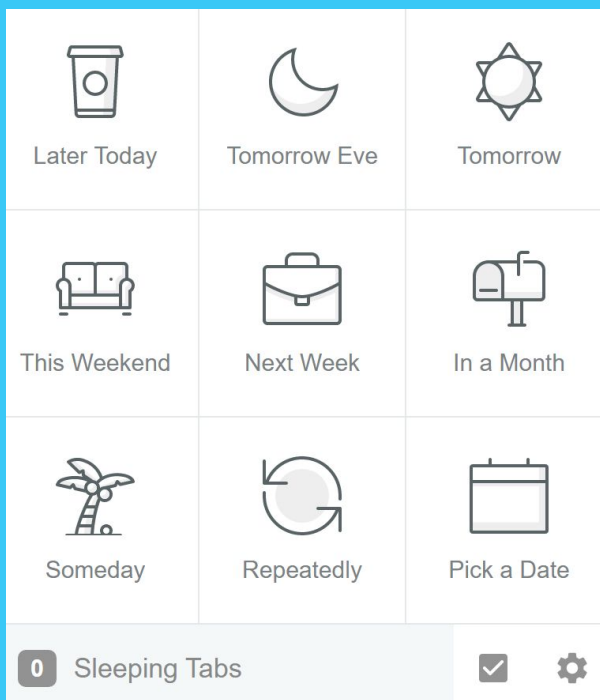

ClassTools 3D Gallery Generator!

- Use this template to design your own "virtual exhibition" on a topic of your choice.
- Choose your **images** and **videos** carefully: you have space for TEN exhibits.
- You can give each exhibit a **title** and a **description** for maximum educational effect.
- When you have finished you can **save** your work for future editing, and **embed** your work into your own website.

Digital Media Resource

Creative, research-based instructional strategies for integrating digital media in meaningful, effective, and practical ways.

Figure It Out Together *

Figure It Out Together is a teaching strategy that helps to build a student's capacity to understand and apply figurative language. Students will use video and accompanying images to conceptualize and demonstrate their understanding of figurative language.

Skill: Summarizing
