## Instructional Resource

Creative, research-based instructional strategies for integrating digital media in meaningful, effective, and practical ways.

### Whittle It Down \*

Whittle It Down is a teaching strategy that is used to scaffold summarization. Students whittle down large chunks of information as a whole group, small group, and then independently, generating a list of important words from the text. Students then use their final words to create a summary of the topic.

**Skill:** Inference and Prediction
