An Open Letter to the Global Media by Greta Thunberg and Vanessa Nakate

IDEAS *Nakate is a Ugandan climate-justice activist and founder of the Rise Up Movement. Thunberg is a Swedish climate activist and co-founder of the Fridays for Future movement.*

Melting glaciers, wildfires, droughts, deadly heatwaves, floods, hurricanes, loss of biodiversity. These are all symptoms of a destabilizing planet, which are happening around us all the time.

Those are the kind of things you report about. Sometimes. The climate crisis, however, is much more than just this. If you want to truly cover the climate crisis, you must also report on the fundamental issues of time, holistic thinking and justice.
